Yonts Building, 205 North Main St., Hopkinsville, Ky.

This Is a Truthful Advertisement

Our ability to examine eyes and our skill and experience in grinding, surfacing, polishing, drilling and edging glasses are unexcelled anywhere in the world. We grind the lenses from the rough glass right here in our own shops (while you wait), and we are the only people who can do it in Hopkinsville—no other people here have the knowledge or the machinery. Come and let us demonstrate our claims—they are facts.

Every profession has its leader and we lead in the Optical business. Our ad. reads strong and every word is true. Don't take chances with your eyes.

R. C. HARDWICK.

FALSE ALARM
PARTY CAUGHTNegro Girl Employed in Office
Of a Physician

CRIME FASTENED ON HER.

Pleaded Guilty And Fined \$11
In The Police Court.

A false alarm of fire was turned in Monday afternoon over the Home Phone from 1219, the office of Dr. J. W. Harned. The fire was located at Frank's Store and when the Department arrived they found no sign of fire. Dr. Harned was not in his office and as the number is locked at the exchange and cannot be questioned, the negro girl who keeps the office during Dr. Harned's absence, Eddie Munford, was called on to explain. She denied that she had turned in the alarm, but when confronted with the facts recorded against the phone in her charge entered a plea of guilty and was fined \$10 and costs in the city court. She gave no reason, in fact still denied that she did it while entering a plea of guilty.

The mechanism of the alarm system is such that the number turning in a fire alarm is automatically registered and it is impossible for the number to be canceled. The girl was lucky to escape with so light a sentence and it should be a lesson to her and others not to trifle with the city's fire alarm system.

Fatal Drop For Two.

Harriet Quimby, the woman aviator, who was flying with a passenger, W. A. P. Wilard, in the aviation meet, fell from a height of 1,000 feet into Dorchester Bay, Boston, Monday. Both were killed.

Don't buy a Range from a peddler when you can get a far better one at home for \$10.00 less money.

Bowling Green Wins.

The contention of Bowling Green, Ky., that its freight rates were not established with proper relation to those to and from other points was sustained by the Interstate Commerce Commission.

Papa Jim Forbes.

Born to the wife of James M. Forbes, Tuesday morning, a girl, Mary Ann.

The Band picture show closed Saturday night and will give no more pictures for the present. Concerts will be given twice a week.

ROUGH ON MRS. B.

Mrs. Benham—Do you remember what I wore when you proposed to me?
Benham—I think it must have been a mask.

Advantage of Concrete Buildings.
It has been shown in practice that concrete buildings require less artificial light than those of slow burning mill construction. This is owing to the reflection of light from the white walls and ceilings and columns and also to the fact that it is possible to supply buildings of this character with greater window area.

State of Ohio, City of Toledo, Lucas County,

Frank J. Cheney makes oath that he is senior partner of the firm of F. J. Cheney & Co., doing business in the City of Toledo, County and State aforesaid, and that said firm will pay the sum of ONE HUNDRED DOLLARS for each and every case of Catarrh that cannot be cured by the use of HALL'S CATARRH CURE.

Sworn to before me and subscribed in my presence, this 6th day of December, A. D. 1924.

A. W. GLEASON, Notary Public.
Hall's Catarrh Cure is taken internally and acts directly upon the blood and mucous surfaces of the system. Send for testimonials free.

SEEN AND HEARD.

The many friends of Miss Katherine Polansky will be glad to learn that she is to return to Hopkinsville. She and Messrs. Kuykendall and Smith closed negotiations just a few days ago and she will be here to assume her old position in McLean College when the fall term begins in October. Miss Polansky taught her last term here in 1907-08. Her home is in Gold Hall, Vermont, but she has been studying at the Boston Conservatory of Music the past year. She had two other very tempting offers to accept a position as piano instructor but she could not forget Mr. McLean and her Hopkinsville friends, and so she turned down the other two propositions.

Rev. A. B. Kasey, pastor of the Methodist church, when asked the other day about where he expected to spend his vacation, replied "right here in Hopkinsville." He said he has plenty of work to do here, but he wants to find time to go to Norcrossville and stay there about two weeks and get busy in a big meeting. Mr. Kasey is a very strenuous man and what grass he lets grow under his feet wouldn't supply a sparrow for a nest, let alone the use of a lawn mower. Mr. Kasey is recognized as one of the leading preachers of his denomination in this section.

Charlie Slaughter, of the clothing department of the Frankels, claims to be the champion flyswatter of the city. With his deadly weapon in hand he is often seen out in front fighting the great disease spreaders. It is estimated that he slays at least five every time he goes on the warpath.

Lucian Cayce has had enough National Convention to do him for four years, anyway. He returned home from Baltimore last Sunday, and endured many interviews with heroic fortitude. Physically he is tall enough and stout enough to endure almost anything, but the few days he lived through trying to see how political wires are manipulated were too much for him. He looked as though he felt like 30 cents. He paid ten "plunks" for a cot on which to sleep, another ten for a seat in the convention hall, and as to sundries he won't allow himself to even think about them. He arrived home plus a great deal of experience, but minus about \$150.

John Bell says there are three days in the year that everybody should be free to do as they please—the Fourth of July, Thanksgiving day and Christmas. He's right, too.

If you will stop in the center of Ninth street and look East you will see the walls of the New McLean College rising higher and higher every day. Prof. L. E. Foster, who is superintending the construction of the three-times-burned pride of the Christian church, has been pushing things at a double-gear-high-speed-over-time-way, that could not fail to produce results. It is marvelous. Prof. Foster will not take a vacation but is found at all times on the hill top rushing things up there to a finish. "In hoc signo vinces" could not be more appropriately quoted than right here, for the Professor is conquering every difficulty and brushing away all impediments to a completion of the building in time for the fall term. But what other town in the State would have come to the relief of the moving spirits of McLean as our people and the good citizens of the county have done? When it comes to things like this Hopkinsville and Christian county are in a class to themselves.

Owensboro in six months has recorded 185 births and 170 deaths.
